**Subject:** SDC Price Increase Coming February 1st, 2022

## From the Desk of Tom

Tom Morrison | National Sales Manager

To Our Valued Partners,

In order to minimize the disruption to your business planning efforts, we are providing you with this advanced notice of an intended price increase to our products **effective February 1, 2022**. There will be an increase ranging **between 3 – 5% on all SDC products**.

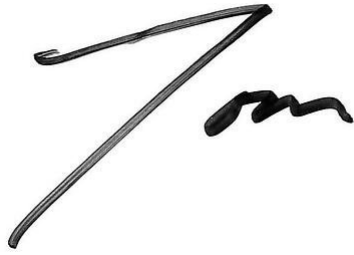

We are in the process of updating our Price List. More details will follow towards year end. I suggest that where possible, you and your customers place orders now thru January 31, 2022 to lock in pricing – and product availability - before the increase goes into effect.
